BUCKET WORK CENTER...

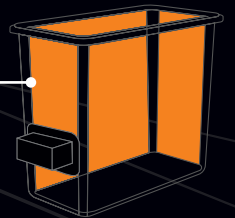

Is an ecosystem that will revamp the way a Lineman works. It allows a Lineman to customize their workspace, just like other professionals customize their office space. This will be "The Lineman's office." The Bucket Work Center easily connects to aerial buckets with a standard 2" or 3" lip and is made of impact resistant materials with dielectric properties to help stand up to the toughest work environments. An assortment of modules are available to customize each workstation to fit the tools needed for the job.

For the Builder**

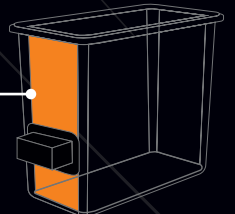

A variety of the Bucket Work Center modules hang on the inside of a utility bucket

Specific modules hang on the outside of a utility bucket

There is still room to add S-Hook modules to the utility bucket even when using the Rail System

REVAMP
THE WAY YOU WORK

Wall Assembly

- Available in 3 sizes to fit standard utility buckets
- 50 lb load rating for each rail
- Heavy-duty materials made with UV resistant plastic to stand up to tough working conditions
- Special design bumpers allow Rail System to stay in place during transit and articulation of aerial buckets
- Easily attaches to utility buckets with quick release and adjustable clamps
- Features (4) inside and (1) outside rail for customization

Hard Tool Storage Module

- 18 compartments hold a wide variety of lineman tools
- Rare-earth magnets hold hardware and small tools
- Innovative design intended to be more durable than traditional tool aprons
- Rubber flaps hold tools during transit and are also adjustable and replaceable
- Made with impact resistant nylon to stand up to tough working conditions

BC501C

Tool Apron Storage Module

- 12 compartments to accommodate a wide variety of lineman tools
- Double stitched hammer loop and knife pouch helps keep tools secure when not in use
- Rare-earth magnets hold hardware and small tools
- Innovative design intended to be more durable than traditional tool aprons
- Bonus buckle for extra storage

BC502C

Socket Storage Module

- 6 slots to store commonly used impact socket sizes or Klein's Impact Socket Set, sold separately (Cat. No. 66010)
- Fits a range of socket sizes from 3/8" to 1-1/8"
- Magnetic slots to keep sockets in place during transit
- Sockets are stored from smallest to largest to quickly identify the right size needed for the job
- Made with impact resistant nylon to stand up to tough working conditions

BC509C

Open Hook Module

- Easily attaches to the inside rails of the Wall Assembly
- Single hook holds a wide variety of lineman tools
- Made with impact resistant nylon to stand up to tough working conditions

BC505C

Closed Hook Module

- Easily attaches to the inside or outside rails of the Wall Assembly
- Helps secure tools to prevent from falling
- Single hook holds a wide variety of lineman tools
- Open the latch even with gloves on
- Made with impact resistant nylon to stand up to tough working conditions

BC506C

Integrated Corner Piece

- Seamlessly connects to the Wall Assembly pieces for a continuous storage system
- 4 hooks and a flip bar can swivel in and out
- Accommodates different size lineman tools while making use of dead space in the corner
- Made with impact resistant nylon to stand up to tough working conditions

BC599

Utility Bar Storage Module

- 10" long bar allows tools to slide in and out with ease
- Holds lineman tools including hammers, straps, ropes and long handled tools
- Made with impact resistant nylon to stand up to tough working conditions

BC508C

Auger Bit Storage Module

- 2 slots to store 12", 18", or 24" long auger bits
- Aluminum Spacer slides into one slot to store a 12" auger bit in the 18" holder or store an 18" long auger bit in the 24" bit holder
- Module will not melt with hot auger bits, or dull tips of auger bits
- Made with impact resistant nylon to stand up to tough working conditions

BC507C

Magnetic Tool Storage Module

- Rare-earth magnetic plates hold hand tools, sockets, bits and small parts
- Strong enough to hold lineman's pliers
- Made with impact resistant nylon to stand up to tough working conditions

BC504C

S-HOOK MODULES

Hard Tool Storage Module

BC501S

- 18 compartments hold a wide variety of lineman tools
- Rare-earth magnets hold hardware and small tools
- Innovative design intended to be more durable than traditional tool aprons
- Rubber flaps hold tools during transit and are also adjustable and replaceable
- Made with impact resistant nylon to stand up to tough working conditions

Tool Apron Storage Module

BC502S

- 12 compartments to accommodate a wide variety of lineman tools
- Double stitched hammer loop and knife pouch helps keep tools secure when not in use
- Rare-earth magnets hold hardware and small tools
- Innovative design intended to be more durable than traditional tool aprons
- Bonus buckle for extra storage

Magnetic Tool Storage Module

BC504S

- Rare-earth magnetic plates hold hand tools, sockets, bits and small parts
- Strong enough to hold lineman's pliers
- Made with impact resistant nylon to stand up to tough working conditions

Socket Storage Module

BC509S

- 6 slots to store commonly used impact socket sizes or Klein's Impact Socket Set, sold separately (Cat. No. 66010)
- Fits a range of socket sizes from 3/8" to 1-1/8"
- Magnetic slots to keep sockets in place during transit
- Sockets are stored from smallest to largest to quickly identify the right size needed for the job
- Made with impact resistant nylon to stand up to tough working conditions

Auger Bit Storage Module

BC507S

- 2 slots to store 12", 18", or 24" long auger bits
- Aluminum Spacer slides into one slot to store a 12" auger bit in the 18" holder or store an 18" long auger bit in the 24" bit holder
- Module will not melt with hot auger bits, or dull tips of auger bits
- Made with impact resistant nylon to stand up to tough working conditions

Utility Bar Storage Module

BC508S

- 10" long bar allows tools to slide in and out with ease
- Holds lineman tools including hammers, straps, ropes and long handled tools
- Made with impact resistant nylon to stand up to tough working conditions

S-Hooks

BC311

BC312

- Designed to attach to bucket lips for optimized fit to hold all S-Hook Modules
