

Made in the United States of America

The Heel Grounder Quick Clasp Cup Style features a push button clasp that reduces the time and effort needed to attach grounders. Adjust the strap to desired fitting and the strap will retain your preferred adjustment. The soft, elastic nylon strap allows for a more comfortable fit and works with a variety of footwear. This Heel Grounder features a durable two-layer sole that can be repositioned for extended life span, and a 24 inch conductive ribbon. Heel Grounders are designed and manufactured for comfort and durability. The grounders are UL listed.

Properties	Typical Value	Test Method
Elastic Strap	3/4" Black	
Sole Interior	Non-marking	
Sole Exterior	<1 x 10 ⁶ ohms	
Total Grounder	<1.2 x 10 ⁶ ohms	ESD-SP9.2, ESD TR53

Item	Description
HGC1M-C	Quick Clasp Heel Grounder, 1 Megohm Resistor

UL Listed

Note: This product is not recommended for use on equipment with operating voltage exceeding 250 VAC.

CAUTION: The ESD Series is for electrostatic control. It will not reduce or increase your risk of receiving electric shock when using or working on electrical equipment. Follow the same precautions you would use without wrist straps, including:

- Make certain that equipment having a grounding type plug is properly grounded.
- Make certain that you are not in contact with grounded objects other than through the ESD Series.

Unless otherwise noted, tolerance ± 10%
