

Designed to shave thick jacketed cable, such as Corning's armored and non-armored RocketRibbon® cable, this tool is perfect for making access windows on cables 0.47" to 0.87" (12 - 22 mm) in diameter. This tool also features the following:

- Ultra-sharp SK5 steel blade slices through thick jacketed cables with ease
- Adjustable guide can be used to change the cutting angle of the blade for different jacket sizes
- Specially designed ergonomic handle provides extra leverage while shaving
- Made from stamped steel for high durability and long life
- Easily replaceable blades can be purchased separately (RRS-1222RB replacement blades)
- Lifetime Warranty
