

Main characteristics

Category (TIA/EIA):	5e
Connector type:	RJ45
Number of modules:	2
Contact type:	DualIDC
Color:	white

General characteristics

Mounting method:	wall mounting
EMI protection:	module shielding

Dimensions and weight

Height, mm:	64.5
Width:	71.45 mm
Depth:	25.2mm
Length:	64.5 mm

Materials

Material of spring contacts:	phosphor bronze with gold plating
Printed circuit board (PCB) material:	2-layer fiberglass (FR-4)
PCB connector material:	polybutylene terephthalate (PBT), glass fiber
Housing material of the IDC module:	polycarbonate (PC UL94V-0)
Case material:	ABS plastic

Electrical characteristics

Maximum current:	1.5 A
Contact resistance (max.):	20 mΩ
Insulation resistance (min.):	50 MΩ
Test voltage:	1000 V / 60 Hz / 1 min.
