with Ultra-Glide Arm Stand

Dual Outputs
USB + HDMI

High
Magnification
Up to 534x

Ultra-Glide Arm
Stand
23in Arm

Effortlessly Inspect Large Objects

Aven's Ultra-Glide Arm Stand System is ideal for inspecting parts over a large surface area. The ultra-glide arm stand provides smooth motion along its 23in length, allowing for easy scanning. This system features Aven's Cyclops USB+HDMI Digital Microscope that connects directly to a HD monitor as well as to a computer. A large working distance and 30 LEDs allow examination of sizable objects. Magnification ranges up to 270x on a 21.5 HD monitor or 534x for PC viewing. Image capture software provided with the Cyclops includes measurement and editing tools.
