

A3PD
10000mAh

RAPID CHARGING WITH USB-C POWER DELIVERY

Zendure A3PD features fast and future-proof charging technology for the whole range of exciting new USB-C devices. Fast charge iPhone X, iPhone 8, or iPhone 8 Plus up to 50% in just 30 minutes thanks to USB Power Delivery. Easy, hassle-free connection for power with the small, reversible USB-C connector. Provides high-speed charging for USB Type-C PD enabled devices up to 18W output.

STYLE & DURABILITY

The A3PD is one of the smallest and lightweight external batteries in the market for its capacity. With 10,000 mAh capacity, this compact charger can easily extend your phone usage 3-4 times. Thanks to the use of top quality components, crush proof composite material, dual-injection molding and a shock-absorbing central belt make it one of the most durable and yet stylish external batteries available.

PRODUCT OVERVIEW

- ① Unique structural support ridges
- ② Impact-absorption rubber belt
- ③ USB-C port (18W Max Input & Output with PD)
- ④ Micro-USB port (18W Max Input with Zen+ 2.0)
- ⑤ USB-A port (18W Max Output with Zen+ 2.0)

| PACKED WITH FEATURES

- With unique charge-through function, you can charge your USB-C devices with A3PD while recharging its internal battery with Micro-USB input. A stunning feature that you can enjoy pass-through charging for USB-C devices.
- The A3PD can maintain up to 95% of the original charge after six months without use.

| ULTIMATE COMPATIBILITY

- The A3PD is compatible with almost all Apple and Android smartphones, tablets and other USB-charged devices. Especially compatible with iPhone X, iPhone 8, 8 Plus, Galaxy S9, Nintendo Switch.
