

Ball Caster Metal-MiniQ

SKU:FIT0159

This ball caster used for MiniQ robot is a white ABS housing, a 3/8" diameter metal ball, two spacers (1/16" and 1/8" thick), and two #2 screw sets.

The total height of this ball caster is 0.4" with no spacers. You can also adjust the height by adding the spacers. The ball caster is used in our widely popular MiniQ series.
