

ADJUSTABLE STANDOFF BRACKETS

Your new addition needs more room and Kendall Howard has the solution.

VARIOUS SIZE OPTIONS

Kendall Howard offers three sizes of Adjustable Standoff Brackets (2U, 3U & 4U) to accommodate your rackmountable needs.

ADJUSTABLE DEPTH

Expand your rack depth by 3.5" to 6" for equipment that demands it. With the adjustable depth feature, this offers a one size fits all solution for under or oversized components.

TWO POINT MOUNTING

Versatile design allows it to be installed in two or four post racks, wall mount racks and cabinets.

**Rack mounting hardware sold seperately*
