

2.5in SSD/Hard Drive Installation Kit for Two (2) 2.5” SSD/HDD to 3.5” Drive Bay with SATA Data and Power Cables (L02-35252-KIT)

Micro Connectors hard drive mounting kit supports 2.5" hard drives (SSD and HDD) and fits all popular PC casings. The hard drive bracket fits two 2.5" drives, providing valuable space for additional PC components. The bracket is an efficient solution in casings with limited space for additional storage devices, especially Mini PCs, Server racks, HTPCs or Cube cases. All accessories are included—apart from the conversion frame itself, the installation kit includes fitting power cables (ATX 4 pin to SATA), SATA data cables (including an L-type, right-angle cable), one small screwdriver and screws.

Features:

- Installs and mounts a 2.5" SSD/HDD to a 3.5" drive bay
- Supports 2 x 2.5" SSD/HDD
- Maximizes internal space of your computer case
- Solid and secure metal design
- 2 SATA III data cables included
- 2 ATX power cables included
