Xtract™
Clean Sanding Solutions

900DZ

Premium Series

**Sand less.
Make more.**

3M Xtract™ Cubitron™ II Cloth Disc 900DZ

3M Xtract™ Cubitron™ II Cloth Disc 900DZ features a 3M proprietary multi-hole pattern that extracts dust better than 5 or 6-hole disc products — increasing cut rate and disc life to help operators sand less and make more.

**Up to
99% dust
extraction**

Fast Cut
Increased throughput
with faster sanding
and more parts per
disc

**Lasts
Longer***
Lower costs with long
disc life and fewer
disc changes

*Compared to conventional abrasives.

3M Xtract™ Cubitron™ II Cloth Disc 900DZ

900DZ

Premium Series

Durable, fast-cutting, long lasting with improved dust extraction.

Fast and effective cutting action on a variety of materials, 3M Xtract™ Cubitron™ II Cloth Disc 900DZ is built for tough sanding jobs. This abrasive is designed to reduce time-costly operation. It features 3M Precision-Shaped Grain that cuts fast and lasts longer than conventional abrasives. The open coat construction prevents the mineral from loading, resulting in a longer life abrasive disc that continues to cut, even when working on surfaces that would normally hinder sanding ability. It can be used on wood, metals and composites in applications requiring heavy stock removal. Finer grades are suitable for blending and finishing aluminum, hardwoods, softwoods and composites.

- 3M Xtract™ proprietary multi-hole pattern provides superior dust extraction to prevent loading, increase productivity and provide a cleaner work environment
- Tough and durable cloth backing combines wear-resistance with flexibility
- Versatile disc performs well on aluminum, fiberglass, gelcoat, hard and soft woods
- 3M™ Hookit™ attachment system provides easy disc changes and optimizes disc life

3M Xtract™ multi-hole pattern provides superior dust extraction.

For best results, pair with a 3M Xtract™ Back-up Pad (multi-hole) and a Random Orbital Sander with vacuum (both sold separately).

3M™ Cubitron™ II Abrasives are designed with revolutionary 3M Precision-Shaped Grain technology. As the grain wears, it continuously fractures to form sharp points and edges that slice through material, wear evenly and provide super-long life and consistency.

Dust and Swarf Neutralized

An anti-static treatment neutralizes the static charge generated by sanding, especially on wood. Electrically charged swarf tends to cling to the surface of the disc, the workpiece and the machinery when sanding.

Dust degrades performances and productivity. When used with an effective dust collection system, the anti-static properties help manage dust.

Product Selection and Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property. **Warranty, Limited Remedy, and Disclaimer:** Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price. **Limitation of Liability:** Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
