**34 22 130**

**Precision Electronics Gripping Pliers**

DIN ISO 9655

- the assortment for highest standard of performance and results
- precision pliers for fine assembly work, e.g. in electronics and fine mechanics
- for gripping, holding and bending
- bolted joint: precise, zero backlash operation of pliers
- precisely finished joint surfaces for smooth, low friction movement along the complete opening range
- low-friction double spring for gentle and even opening
- smooth ground gripping surfaces, edges carefully deburred
- non-reflective finish
- low weight
- ergonomically shaped, two-colour dual component handles; blue/grey
- half-round jaws
- Ball bearing chrome steel, forged, multi stage oil-hardened

**Allgemein**

|             |                            |
|-------------|----------------------------|
| Article No. | 34 22 130                  |
| EAN         | 4003773061472              |
| Pliers      | burnished                  |
| Head        | polished                   |
| Handles     | with multi-component grips |
| weight      | 61 g                       |
| Dimensions  | 135 x 59 x 48 mm           |

**Technische Attribute**

|            |      |
|------------|------|
| Style      | 2    |
|            | 22.7 |
|            | 6.5  |
|            | 1.6  |
|            | 1.6  |
| Head width | 11.2 |

**Klassifikation**

|                |            |
