

9100 - Oval Head Micro-Shear[®] Flush Cutter

Product Description

The next generation Micro-Shear[®] Flush Cutter. Manufactured from tough alloyed steel with state of the art heat treating and ultra-precise CNC grinding to create the ultimate shear cutter.

Oval head configuration lends itself perfectly to wire art and chainmaille applications. Also perfect for cutting jump rings up to 12 AWG (2mm) and precious metal wire.

Key Features

- Soft Xuro-Rubber[™] grips ensure operator comfort even in high volume and large capacity applications.
- Light Touch[™] return spring for added control
- Flush cuts soft wire up to 12 AWG (2mm).
- Made in the USA

**Optionally available with our unique wire retaining clip, see Model 9100F.*
