## 3M™ PELTOR™ MT™ Series 2-Way Communications Headset, Hard Hat Attached MT7H79P3E-C0054 1 EA/Case

3M Product Number MT7H79P3E-C0054, 3M ID 70071524378, UPC 10078371611702

- A premier hearing protection and communication solution for high noise environments
- Connects to two-way radios for improved communication in noisy environments
- Noise-cancelling boom microphone enables clear speech transmission in noisy environments
- Foam and liquid-filled cushions provide lasting comfort and an effective acoustic seal for long duration wear times

### Specifications

<b>Battery Type</b>	1 AA Battery
<b>Brand</b>	PELTOR™
<b>Built in 2-Way Radio</b>	No
<b>Built In FM and or AM Radio</b>	No
<b>Color</b>	Black
<b>Communication Type</b>	Two-way radio
<b>Communication via External 2-Way Radio</b>	Yes
<b>Compatible Radio Brands</b>	Motorola
<b>CSA Class</b>	B
<b>External Audio Input</b>	No

<b>Hearing Protection Style</b>	Earmuff
<b>Hearing Protection Type</b>	Hard Hat Attached
<b>In-Ear Solutions</b>	No
<b>Intrinsically Safe</b>	No
<b>Level Dependent Function for Ambient Listening</b>	No
<b>Microphone Class/Type</b>	Dynamic
<b>Noise Attenuating Headsets</b>	Yes
<b>Noise Reduction Rating</b>	21 Decibel
<b>Product Series</b>	MT Series
<b>Product Type</b>	Communications Headsets
<b>PTT Adapters or Interface Solutions</b>	No
<b>Recommended Industry</b>	Design & Construction, Industrial Maintenance

## Details

- A premier hearing protection and communication solution for high noise environments
- Connects to two-way radios for improved communication in noisy environments
- Noise-cancelling boom microphone enables clear speech transmission in noisy environments
- Foam and liquid-filled cushions provide lasting comfort and an effective acoustic seal for long duration wear times
- Hard hat attached model connects directly to compatible hard hats

This is a direct lead noise-attenuating two-way communication hard hat attached headset from the 3M™ PELTOR™ MT Series. It features a direct lead to several Motorola communication radios.

The 3M™ PELTOR™ MT™ Series 2-way Communication Headsets are specifically designed for industrial users in noisy environments. Incorporating 3M PI technology in both earcup design and electronics makes this headset, in conjunction with a 2-way radio, the ideal choice for clear, crisp 2-way communication areas. **Less Noise, More Communication.** This noise attenuating headset offers the dual benefit of reducing loud sounds that could be harmful to hearing while allowing workers to communicate with one another. Combined with a 2-way radio, the MT Series headsets enable workers to effectively discuss projects, give instructions, and verbally warn co-workers about safety hazards.
