Overview

3M™ TEKK Protection™ Heavy Duty Chemical Gloves, use to help protect hands from most chemicals, offers comfortable and reliable hand protection when taking on chemical- based projects. 3M™ TEKK Protection™ Heavy Duty Chemical Gloves are puncture resistant so chemicals can stay on the gloves and not on hands. They feature a flocked lining to help keep hands cool and comfortable while the textured palm allows for easier gripping. The extended cuff offers addition arm protection and can be rolled down. 3M™ TEKK Protection™ Heavy Duty Chemical Gloves are a great choice in hand protection for both the pro and the DIYer.

• Use to help protect hands from most chemicals
