

2M (6.6ft) USB 3.1 USB-C M/M Cable with Built-in E-Marker E07-316CMM-2M

Product Overview

SuperSpeed+ USB 3.1 USB-C Cables

Connect USB 3.1 peripherals, smartphones, and tablets with our USB 3.1 USB-C to USB-C cable for faster data transfer rates (up to 10Gbps) and greater power delivery.

Transfer and Power USB-C Devices

Transfer large files from your smartphone, tablet, or computer at speeds up to 10Gbps. That's twice the speed of USB 3.0 and over 20x faster than USB 2.0. With increased power delivery means, the USB 3.1 cable can also charge / power your devices up to 100 watts. With USB 3.1, you can get things done faster and more efficiently.

Built-in E-Marker

- E-Markers (Electronic Markers) are required if the following conditions are met:
- The USB-C cable is required to support more than 3A
- The USB-C cable complies with all 3.1 Gen 1 or Gen 2 specifications
- Our USB-C cable includes E-Markers on both ends of the cable (active cable). This allows queries for features supported by the cable and allows all functions to be accessed.

without us, you are just not connected!
